

2016

COMMERCIAL REAL ESTATE CHANGES & PREDICTIONS

Prepare NOW for **2016**

<http://commercial-realestate-training.com>

Determine the locational factors impacting the property market in your region over the next 12 months. Factors of supply and demand should be assessed for change. Look for the upcoming property developments that are likely to inject more space into the market. From that injection of space, there will be some redundancy and renovation opportunities locally. Talk to the owners of property that could be impacted by these things. Talk to local business people. You are the specialist in Sales and Leasing.

You can win more next year!
